But even if you just replace your Integra brake pads with OEM-grade factory-style brake pads that are not made by Acura, those too are aftermarket Integra parts. Over the course of a vehicle's life, it almost certainly will have aftermarket parts installed in it at some point, even if the vehicle is never actually "modded out".

2016 Acura MDX Review & Ratings | Edmunds

Automotive engineering has come a LONG way since 1991 and most car makers have very very good cars. It's hard to go such a huge leap forward anymore in car making these days. NSX is a tech platform and has some new stuff but it's not as world shattering as it was back in the 90s.

Is the new NSX one of the biggest disappointments? : cars
