While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and

Every Man Dies Alone  
or Alone in Berlin  
(German: Jeder stirbt  
für sich allein) is a  
1947 novel by German  
author Hans Fallada. It  
is based on the true  
story of a working-class  
husband and wife who,  
acting alone, became  
part of the German  
Resistance. Fallada's  
book was one of the
