Mr. Jacobs did an amazing job in writing this geometry book. Although there are many problems to do and the task may seem daunting, every problem counted--providing a thorough review of the subject. At the start of almost every lesson, there is an analogy relating the subject to reality. This has proven to be quite useful.

Harold Jacobs Geometry We are very happy with this book. It is challenging (in an approachable way--even broken down into 3 sets that increase in complexity), incorporates real-world problems in every lesson (this was a must for me, and the book does an excellent job of this), and even has some humor.
