The KitchenAid Classic Plus 4.5-quart stand mixer or the KitchenAid Artisan mixer are better options. Although the Professional 600 is a bread mixer, it is not for the serious bread enthusiast. Not for you if you often make 5 to 6 bread recipes at once or more than 2 loaves of sourdough and other stiff dough in a batch.

KitchenAid Professional 600 Stand Mixer Review: Bad For Bread?

Try adjusting the height of the beater (though you don't want it touching the bottom of the bowl, per the manual.) If you don't have the manual, you can download it online on KitchenAid's site. Anyhow, I bought one of the beaters with the rubber scraper on it. It definitely helped with reducing unmixed ingredients.
