Summer School And Other Solutions For Coronavirus Lost ...

Double Bar Chart. The double bar chart is used when we want to represent two sets of data on the same chart. We can put the bars side by side or we may put the bars of one set of data on top of the bars of the other set of data. The choice of the forms of double bar chart - side by side or stacked, depends on the main purpose of the chart.A side by side chart is more useful when we compare ...

Math Bar Charts (solutions, examples, videos)
